

MARKET COUPLING ALREADY IN PLACE BETWEEN ITALY AND SLOVENIA

CHANGE OF GATE CLOSURE TIME FOR ITALIAN AND SLOVENIAN DAY AHEAD MARKETS

With reference to the market coupling currently in operation between Italy and Slovenia, following the information already published on the respective TSOs/PXs web sites in relation to the progress of Italian Borders Market Coupling Project (IBWT MC Project), we inform Market Participants that the Gate Closure Time for Day Ahead Markets of **Italy and Slovenia** is preliminarily foreseen to be set at **h.12:00** starting from the trading date **10th February 2015** (delivery date 11th February 2015).

Since this date is closely related to the actual Go-Live date of IBWT Market Coupling, which is currently foreseen to be set in second half of February 2015, it will be subject to final confirmation in January 2015.
