Services
Price List

This document is a part of the rules
of the exchange operated jointly by
BSP Energy Exchange LL C and its
affiliated companies.

It is valid from 1 July 2024 until
changed in accordance with the
rules of the Exchange themselves.

Table of Contents

1. General Provisions

BSP hereby lays down the charges for services provided by BSP to apply from 1 July 2024.

1.1. Due Date of Payments

Unless specified otherwise, all fees, reimbursements and possible expenses, including VAT, are due 15 days after an invoice is issued.

1.2. Value Added Tax

All prices in this Price List do not include VAT, and as all BSP services are charged by BSP, they are charged according to the Slovenian VAT legislation. According to the Rules, Transactions are concluded in Slovenia.

1.3. Exemptions

Exchange Members have different pricing for BSP services depending on their market participation.

2. Market Data Service

Market data is provided on a Data Portal developed by BSP, enabling manual extraction or connection via REST API.

The market data service fee is charged to the subscriber either in full at the beginning of each year or pro-rata for the remaining months from the month of gaining access to the Data Portal.

Data is shown as soon as it is available on the trading platform and successfully integrated in the Data Portal.

1.4. Dataset

Dataset	Market	Product	Description
SI_DA	Day-ahead	Bids	Anonymous historical order book
		Trades	Anonymous historical list of trades
		Daily market data	Daily volume
			Base + peak price for the selected period
		Hourly market data	Hourly volume
			Base + peak price for the selected period
		Market data	Allocation of capacities
SI_IDA	Intraday auction	Bids	Anonymous historical order book
		Trades	Anonymous historical list of trades
		Market data	Hourly volume and price for the selected period
			Allocation of capacities
SI_IDC	Intraday Continuous	Trades	Anonymous historical list of trades
		Market data	Hourly or 15-minute volume
			min, max, and average price for the selected period
			Allocation of capacities

1.5. Pricing

The pricing is separate for information users, who will use the data for internal purposes and for vendors seeking to generate profit through direct or indirect sales.

Continuous Data Provision

Dataset	Market	Info User	Vendor
SI_DA	Day-ahead	1000 €/year	3000 €/year
SI_IDA	Intraday auction	1000 €/year	3000 €/year
SI_IDC	Intraday Continuous	1000 €/year	3000 €/year

*30% discount is applied in case of subscribing to all Datasets.

Historical Yearly Data Provision

Yearly historical data can be requested for the specific years indicated in the application form.

Dataset	Market	Info User	Vendor
